

## **Jp Custom Rc's Sponsor Program**

First things First. Congratulations on being chosen to be part of one of the most Elite RC Crawler Teams. I pride myself in being a Smaller Vendor. I don't go out to try and make a living on this Hobby. I started Jp Custom Rc's to help Fund my own Crawlers. This is what I want to do in return for my Drivers. Since I'm not a large corp... I can't just give stuff away for free. So I'm going to give stuff to you at a Discounted Price. I do give some items away for Free and throw some goodies your way time to time. Each Driver will get one T-Shirt also. If I can order it at that time or have it in stock. Some things I get a pretty good discount on. Others, I just can't. So I don't have a problem with my Drivers picking up more then one Sponsor. I myself have two Sponsors as well. I've worked with many Companies and have good relations with pretty much everyone involved in this hobby.

### **What I look for in a Team Driver.**

- 1.Be a nice guy. Help out other competitors when you can. Help support the new guys.
- 2.Show 100% Professionalism at all Competitions.
- 3.Be willing to travel. Now with that said. If you live on the East Coast I don't expect for you to drive to the west coast for a Competition. Even if it's the Nationals. I can't afford it and I don't expect you to either. Qualifying for the nationals is already a Great accomplishment.
- 4.Be a good Driver. The only way to do so is. Practice. I like for my Team Drivers to Place in the Top 5 at the Local Level.
- 5.Help Promote Jp Custom Rc's. This can be done in many ways. Add a link in your Sig, Run Stickers on your Crawler, Win Competitions and Build threads with good info and pictures.
- 6.Have a good time. Don't sweat the small stuff.

**Things I don't want from a Team Driver.** Depending on the problem. This could get you Kick off or knocked down a Tier.

- 1.Getting kicked out of a Large Competition.
- 2.Getting banned from Rccrawler.com
- 3.Giving a bad image of Jp Custom Rc's
- 4.Don't Cause issues on line. This means keep the bashing to a min. Big the bigger person and take the high road. I know this can be hard at time. But in the end it works out better.

### Jp Custom Rc's Sponsor Tiers. There are 3 Tiers.

**Tier #1.** The Highest Tier you can get. This Tier can be earned two ways. Either be a Team Member for longer then 1yr. Or pull off a 1<sup>st</sup> place finish at a Large event. Like ECC, 2.2 Midwest, Crawlplooza, 801, Nationals and so on. This Tier gets you R&D first Dibs on Products, parts at my cost and more.

**Tier #2** This Tier is earned in 2 ways as well. Either win Locally for 3-5 competitions in a row, or be on the Team for 6 months. (Competitions depends on who your Competitors are) This Tier gets you. 20% off Discounts on most products and 2<sup>nd</sup> Dibs on R&D of new products.

**Tier #3** This Tier is where you will start. Follow the Above Rules and Practice and you will be moved up a Tier at a time. Till you reach the 1<sup>st</sup> Tier.

Thanks again for Signing on with Jp Custom Rc's
